

A line drawing of a person lying on their back. A wedge-shaped pillow is placed under their knees to provide support and maintain the natural curve of the spine.

This floor plan illustrates a spacious 3,500 sq. ft. residence. The layout includes a large front-facing garage (31'x21') with three car spaces, a mud room, and a shop area. The main living area features a living room (17'x17.5'), a dining room (16.5'x15'), and a kitchen (13'x16') with a pantry, refrigerator, and buffet counter. A covered patio (17.5'x10.5') is attached to the kitchen. The rear of the house contains a den/bedroom (13'x11'), a suite bedroom (13.5'x15'), and a suite bath room. A central foyer provides access to a storage area, a bathroom, and a covered porch. The plan also shows multiple closets, including wardrobes (W.I.C.) and a linen closet (L.C.).
